Dear Mr John Williams

Re: - Price Increase

I am writing to inform you of a price increase that will affect our supply of our Specialty Materials Products to you, our valued customer.

Due to exceptional increases in our manufacturing and distribution costs, which are mainly related to raw materials, transport and utilities, we find ourselves in a position where we can no longer contain the impact this has on our business.

We understand the implications this may have for you and your customers and this is why we try our best to maintain price stability. However, with the cost increases we have experienced as well as further predicted increases to come, we have been forced to increase our prices.

Therefore, all orders for these products taken from 1st May will be subject to an 8% increase.

Our Local Sales Manager, David Talbot, will contact you before this date to discuss any queries or specific concerns that you may have and to confirm your new prices.

If you would like to speak to David Talbot before this time, please do not hesitate to contact him on 07971 492 666.

Yours sincerely
P.P.
