Subject: Product Regulatory Disclosure - REACH SVHC
EU Carpenter Co. Carpet Cushion and Re-bonded PU Foam Products

Dear John Williams:

This letter responds to your enquiry regarding compliance of the following foam products with the European Union (EU) REACH (Registration, Evaluation and Authorization of Chemicals) legislation as supplied by Carpenter Co. Glossop Plant to Interpak Ltd:

Part No	Description	Recycled or Reclaimed Foam ⁽¹⁾
RA Family	Richbond Bonded Foam	<input checked="" type="checkbox"/>
RB Family	Richbond FR Bonded Foam	<input checked="" type="checkbox"/>
		<input type="checkbox"/>

The above listed polyurethane foam products is/are an "article" as defined under the REACH regulations, do not intentionally release chemical substances or preparations under normal conditions, and are not subject to REACH registration requirements.

Please also be assured that the above referenced products do not contain any intentionally added Substances of Very High Concern (SVHC) components at levels at or exceeding 0.1% w/w as referenced in the Article 33 of the REACH regulations including those substances listed in the most recent SVHC Candidate List as updated and published through July 16, 2019.

⁽¹⁾ indicates that the listed product is produced from reclaimed or recycled foam components of variable composition. Carpenter Co., converts reclaimed or recycled raw foam materials without adding chemicals containing SVHC chemical substances.

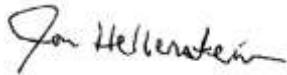

We can certify that Carpenter does not intentionally add any SVHC substances in listed in products that contain recycled or reclaimed foam. However, we cannot make a guarantee that SVHCs are not present at some level, since some reclaimed or recycled foam components are of variable composition and unknown impurities.

Due to the large number of inquiries we receive, regrettably we are not able to answer each questionnaire separately. However, we hope that we have addressed all the information you require in this letter.

Please do not hesitate to contact directly by e-mail or by telephone if you have any questions or need additional information.

Thank you again for your interest in Carpenter Co. polyurethane foam or foam products.

Respectfully Submitted,

Jon Hellerstein CIH, CSP
Product Stewardship Manager
