Subject: Price Update

Dear John,

The suppliers of chemicals used within the manufacture of our slab stock foams have imposed further increases effective beginning of December 2020.

In view of these further significant increases, we must adjust our own pricing on foam products accordingly. It is therefore necessary to inform you, that with effect from Monday 14th December 2020 all foam products will increase in price and attach your new price list.

We acknowledge this is very unwelcome news during the challenging trading conditions our industry is currently having to manage. Please rest assured we have not taken this decision lightly. We thank you for your continued support and for your understanding of this difficult situation.

Kind Regards

Danny Nunn
