BLOCK PRICES

21st September 2009

Dear John,

Further to our letter dated 8th September, informing you of the market situation and the raw material increases that we have been subjected to, we now find ourselves unable to absorb these price pressures any longer.

As a result, we have no alternative but to raise prices on all deliveries from Monday 5th October 2009 by the following amounts.

Slabstock, 10%

Converted foam products, 7%

We have done our best to limit these increases, but as explained in our earlier letter, chemical costs are due to rise further over the next few months and with the recent weakness of the pound against the euro another foam increase is likely.

Thank you for your understanding in this difficult situation, should you have any questions please do not hesitate to contact your usual Carpenter sales contact who will provide you with a new price list in the near future.

Yours sincerely,

CARPENTER LTD
