Subject: TDI

Dear John,

We are writing to confirm that we have again seen significant increases in the cost of the main raw materials from our suppliers. They have also confirmed that we will remain on allocation for TDI supplies throughout October and potentially into November.

Therefore regrettably, based on our increased costs our selling prices will increase from Monday 17th October 2022 & attached is your new revised price list accordingly. As always we shall be available to contact should you wish to discuss this matter in greater detail.

Kind Regards

Danny Nunn
