Subject: FW: Price Increase

Good morning John,

You will be aware that global demand for corrugated materials has been at unprecedented levels for some months now. On the back of continued strong demand we have been notified of significant price increases being applied to both Kraft and recycled liners which has led to further price rises from this month.

We need to be in a position to guarantee all of our customers on-going continuity of supply. Therefore, given the severity of these cost increases, we have no alternative but to increase our Sheetboard prices for all deliveries on or after Monday 17th May 2021 by 10%.

We would like to reassure you as a valued customer of DS Smith that we are in a strong position to guarantee your business continuity of supply.

Thank for your continued support and much valued business.

I will look to forward a New price list in due course.
