

6<sup>th</sup> January 2023

Dear Customer,

**PRICE INCREASE NOTIFICATION FOR DELIVERIES FROM 1<sup>st</sup> FEBRUARY 2023**

As you are aware all businesses are having to adapt to soaring energy costs along with inflation as well as global shortages on key product components, so regrettably, we must again respond to these escalations by applying a price increase of **5%** on all products delivered from the **1<sup>st</sup> February 2023** (subject to normal lead times).

Orders already on the system due for delivery on or after 1<sup>st</sup> February 2023 will have prices increased as above. We are happy to work with your supply teams to manufacture and deliver existing February orders in January.

May I take this opportunity of thanking you for your continued support through these challenging times and we look forward to servicing your future requirements.

Yours sincerely,

Stuart Ingram  
Sales Director
