

10<sup>th</sup> January 2014

Mr John Williams  
Interpak Ltd  
Desborough Ind Park  
High Wycombe  
HP12 3BG

Dear Mr John Williams,

During 2013 we have seen steady increases to the cost of our raw materials, with our suppliers forecasting significant increases in the coming months. As a result of continued pressure on our manufacturing costs we must inform you of impending price increases for our products.

The increases that we have already incurred leave us with no option but to increase our prices on all orders received on, or after Monday 10<sup>th</sup> February, 2014 by the following percentages:

Air Cellular® Products (including converted products)	7%
Cell-Aire® Products (including converted products)	7%
Mail Lite® Plastic Mailing Products	5%
Mail Lite® Padded Bags	5%
Mail Lite® Kraft Bubble Mailers	5%
Fill-Air® Inflatable Films	5%
New Air IB® & FillTeck™	5%
Pack Tiger™ Paper	5%
Specialty Foam	8%
Korrvu®	5%

The decision to increase our prices is not taken lightly and we appreciate the necessity to maintain stable prices in a difficult economic climate. We are committed to offering you competitive prices for our products and to bringing innovation to the protective packaging market.

As ever, your local Sealed Air Regional Sales Manager will be in contact in the next few days and will support you fully throughout the increase process.

May I take this opportunity to thank you for your understanding and continued support.

Yours sincerely  
PP

Gary Simm  
PP BU Director  
UK, Ireland & Scandinavia
