Dear Mr Williams ,

I am sure you are aware of the continued upward spiral of resin costs with others expected in the pipeline. This, coupled with increasing transport costs have resulted in us having to raise our prices to our customers

Therefore, with effect on deliveries from 1st of September 2008, our products will increase by the following percentages.

Air Cellular	10%
Cell-Aire®	8 %
Mail Lite®	5%
Fill Air™ Films	6 %

These percentages also refer to all converted products.

As described, these are extraordinary circumstances, and should the situation improve we will, of course review. In the meantime, your local Sealed Air Regional Sales Manager will be in contact in the next few days and will support you fully throughout the increase process.

Assuring you of our best attention at all times.

Yours sincerely
