1st April 2021

Dear Customer

Price Review Notification

We are writing to give you notification of our intention to apply a price increase.

Over the course of the last twelve months the global demand for softwood timber products has grown to staggering levels that few of us in the trade have experienced before.

During this time, we have witnessed the cost of structural carcassing rise rapidly as mills attempt to fulfil order books whilst juggling supply constraints of a worldwide pandemic and Brexit.

The softwood joinery market is now in a similar situation with monthly increases coming through from the Scandinavian sawmills. As we enter the second quarter of 2021, our older, cheaper stock holding is depleted.

Therefore, we will be implementing a **15%** increase to all machined softwood products supplied from **1st May 2021**. (This increase excludes Decking which is managed separately).

We would like to thank you for your continued support during these extraordinary times and assure you that we are working as hard as we can to get back to normal levels of availability and customer service.

Should you have any queries in respect to this price increase please do not hesitate to contact a member of the sales team on 01424 856856 or timbersales@stamcotimber.co.uk.

Yours faithfully

The Stamco Timber Team
